

Dear FCC,

I am very concerned about Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This means that they have an obligation to provide programming that a reasonable citizen would agree is not blatantly biased to serve the political views of the owners.

I hope that you will take these comments into consideration when Sinclair's license to use the public airwaves is up for renewal.

Regards
Jane Schneider
